

Polycentricity Webinar Series

Miniseries “Polycentric Governance and Infrastructures”

Discussing infrastructures from a polycentric perspective

03 February/ 03 March/ 07 April 2022 @ 17:00 CET

This Polycentricity Webinar Series aims to introduce and discuss key concepts in the field of polycentric governance as well as to address current applications and future research directions. **In this miniseries**, we will discuss the application of PG concepts to the study of infrastructures as an emerging avenue of research.

Webinar Sessions:

“The interrelatedness between technology and institutions in network infrastructures: A polycentric perspective”

Prof. dr. Rolf Künneke

Professor of Economics of Infrastructures
Faculty of Technology, Policy and Management (TPM)
Delft University of Technology

03 February 17:00 CET (Zoom)

<https://uni-kassel.zoom.us/j/99891722033?pwd=RklyckVhMWZleUJemNXZTBEEeDJUdz09>

(Code: 560140)

“Exploring design principles for governing robust, resilient, and equitable Coupled Infrastructure Systems”

Prof. Marty Anderies

School of Sustainability
Arizona State University

03 March 17:00 CET (Zoom)

<https://uni-kassel.zoom.us/j/99812535583?pwd=aDRUL1pxUzJYWjVjSVdkK1pBWlVJUT09>

(Code: 305278)

“Balancing organizational ambitions in a polycentric infrastructure system: a case study from the UK transport sector”

Dr Muriel Bonjean Stanton

Research fellow in decision making under deep uncertainties / MAADM project
Sustainability Research Institute
University of Leeds

07 April 17:00 CET (Zoom)
